PETITION UNDER 37 CFR 1.313(b) TO WITHDRAW FROM ISSUE

ASSISTANT COMMISSIONER FOR PATENTS  
WASHINGTON, D.C. 20231

**Match & Return**

SIR:

The undersigned hereby requests that the Office withdraw the above-referenced application from issue because the application includes (1) a claim that is unpatentable and/or (2) at least one claim that interferes with claims presented in application serial No. 09/917,443.

Attached hereto is a copy of the 37 CFR 1.604 request filed with regard to the '443 application. That request asserts why the applicants of the '443 application believe that claim 2 of the above-referenced application is unpatentable. In the event that the Office disagrees and concludes that the subject matter defined by claim 2 is patentable, applicants of the '443 application have shown why they are entitled to a claim presenting that subject matter and hence an interference should be declared.

**Match and Return**

A copy of this paper has been attached to the 37 CFR 1.604 request.

Respectfully submitted,

W. Todd Baker
